Secretary Scott E. Hassett
Department of Natural Resources
101 South Webster Street
P.O. Box 7921
Madison, WI 53707-7921

Dear Secretary Hassett:

The 30th Street Industrial Corridor Corporation is pleased to support the Wisconsin Department of Natural Resources grant application to the U.S. Environmental Protection Agency for funds to conduct Phase I and Phase II Site Assessments in the 30th Street Industrial Corridor.

As a not-for-profit organization working with businesses on the north side of Milwaukee since 1991, we have witnessed the negative impact the vacant, blighted and suspected brownfields have had on redevelopment of the area. Many potential investors fear the unknown environmental status of these properties and are unwilling to take such a risk. These funds will help eliminate this fear so that redevelopment and reinvestment in the area may occur.

As a partner in this project, the 30th Street Industrial Corridor Corporation is committed to ensuring its success. We realize the tremendous benefit such work will have and we will do everything possible to reach out to the community to ensure their involvement. Please contact me at (414) 444-4706 if I can be of further assistance.

Sincerely,

Brenna Holly
Economic Development Planner
